STUDENT CARE & WELFARE

We place the highest priority on the welfare and safety of our students and provide a high standard of care and supervision.

Fun and interactive lessons at Docklands

Our Training and Quality Manager is responsible for training staff across all our centres to ensure they operate at the highest standard. Each of our centres has an average staff ratio of 1:10 and one dedicated person responsible for welfare.

We care for our students 24/7, with supervision after class, after activities and during excursions. We also have dedicated Night Supervisors in all our centres to make sure we provide 24-hour support to our students. If any medical issues arise we have trained first aiders on-site and, if required, our staff have established links with local doctors, dentists and hospitals.

To make sure individual students are happy and well-cared for we provide guardians to ensure that they are having a great and safe experience in our centres. Centres with younger students have House Parents staying in the accommodation residences to provide a nurturing and homely environment.

We provide dedicated support for our students throughout their stay, including a full induction and orientation on arrival, where all students are issued with identity cards which contain our emergency telephone details.

We operate a **24 hour emergency telephone service** across all of our centres.
